Mr. Henry Rowen
Chairman, National Intelligence
Council
Room 7E62
CIA Headquarters Building
Washington, D.C.

Dear Mr. Rowen:

On behalf of the Director, our SINIOs, [redacted] and myself, I wish to express our appreciation to you for your participation in our seminar for SINIOs on Friday, 29 April. Your remarks were well received by our people involved in the estimative process and many favorable comments have been passed back to us.

STAT

We feel that there is now a better appreciation by our analysts of the importance and efficacy of interagency intelligence production and that those in the coordination process here now feel closer to the policy makers for whom this product is intended. The good dialogue stimulated by your remarks during the session was most beneficial.

We plan to have more seminars of this type and believe the experience of the 29th will serve to make the next one even better. Once again, thank you for giving your valuable time to our endeavor.

Sincerely,

[redacted]

NFIB Coordinator
